Delegates cast votes on 74 resolutions

Chapter forum shows breadth, depth of pediatrician concerns

AAP officers considered and voted on 72 resolutions and two late resolutions during the 1998 Annual Chapter Forum. The resolutions and their dispositions are listed below.

Resolution numbers that include the letter "S" indicate that a reference committee recommended a substitute resolution that was adopted on the Forum floor. An "A", "B" or "C" indicates which reference committee heard the resolution. All resolutions identified as "adopted as amended" were modified on the Forum floor, including those heard by reference committees.

Thank you to all the individuals, chapters and districts that submitted resolutions this year.

53SC. Evaluatting Infant Management Programs

Submitted by: District IV

Resolved, that the Academy continually evaluate infant management programs such as *Preparation for Parenting* and *On Becoming BABYWISE* and regularly report its findings.

Disposition: Adopted as amended
